UPDATE ON THE CANNON BASES

Superintendent Newberry reported that things are going well with this project. All four cannons have been removed; two are at Page's Auto Body Repair being sandblasted and painted; and two are at the cemetery waiting to be restored. He described how there were no footings under the cannons, and the blocks just fell apart during removal. Rick Champley of Page's has offered to donate the supplies and his labor for the restoration of the cannons. Brad Tullis has agreed to donate his labor to put in the footings and concrete pads. The footings will be 3-4 feet deep under pads. LaGrange Monument Works, company with whom we have the contract for bases, will be in town July 15. In addition to providing the bases, they will place the restored cannons on the bases.

OTHER MATTERS

Superintendent Newberry reported:

- There have been a lot of cremations lately.
- Turnout was high for the Memorial Day Ceremony held May 26.
- Spring clean-up was completed March 18.
- There are 564 remaining grave plots.
- He will get estimates on a roll up door to replace the current sliding door on the machine shed. It is becoming a safety hazard.

Motion to adjourn was made by Board Member Showalter and seconded by Board Member Rodden.
