SOLAR ON EARTH

Leo Vecciarello, representing Solar on Earth, provided an overview of the Illinois Shines Program. He explained that the program enables participants to receive credits on their Ameren utility bills, reflecting a 20% discount. Solar on Earth would retain the 80% of the value of those credits as reimbursement. Alderman Bryant inquired whether the company would be willing to cover the legal fees associated with the review of the contract. Mr. Vecciarello responded that, to his knowledge, this has not been done previously, but he would be willing to look into the possibility. Alderman Bryant and Alderman Dennis requested that this item be placed on the agenda for the October 6, 2025 City Council Meeting for a full council vote on whether to refer the contract to City Attorney Romano for legal review.
