BASEMENT FLOOR REPAIR

Chairman Skultety presented a quote from TSR Concrete Coatings in the amount of \$7,548.00. This amount includes resurfacing from the bottom of the stair case, both bathrooms and all the flooring up to the double doors. This flooring comes with a 5-year warranty on any Chipping, Peeling or Delamination. Alderman Olive stated that City Hall has the same floor throughout the building and would like the basement floor to be replaced with tile to match and it would cost less.

Motion by Alderman Driskell and seconded by Alderman Dorchinecz to recommend to the City Council to accept the quote from TSR Concrete Coatings in the amount of \$7,548.00 to resurface the basement floor, from the bottom of the staircase up to the double doors, including both bathrooms. Motion carried 4-0.

MOVE STREET & SEWER OFFICES TO GAGNE BUILDING

Superintendent Mann would like to have the Street and Sewer Offices moved to the Gagne Building. The current building is small and cluttered. There would need to be some remodeling done before the move could happen. Alderman Budd stated there is only \$8,000.00 in the budget for the Gagne Building so repairs would probably have to wait and put into next year's budget. Treasurer Nation suggested if the building would be used for the Street and Sewer Offices the repairs should come out of their budget not the Municipal Building.

Motion by Alderman Olive and seconded by Alderman Driskell to recommend to the City Council to allow the Street and Sewer Offices to be moved to the Gagne Building, after necessary repairs are made. This will be paid out of the Street and Sewer budget. Motion carried 4-0.

Motion by Alderman Olive and seconded by Alderman Driskell to adjourn. Motion carried 4-0. Meeting adjourned at 6:32 P.M.
