

STREET & SEWER COMMITTEE

May 28, 2020

MEMBERS PRESENT

Chairman Olive
Alderman Dorchinecz
Alderman Driskell
Alderman Skultety

ALSO PRESENT

Mike Mann
Alderman Lanzotti
Alderman Budd
Mayor Barry

Traci Bentley
Tammy Rogers
Owen Lasswell
Bill Sleeman

Dennis Schlute
Jeff Maxfield
Jim Brubaker

Chairman Olive called the meeting to order at 6:00 P.M.

FIRST UNITED METHODIST CHURCH- ALLEY ISSUE

Representatives from First United Methodist Church were at the meeting to present their plan for the water drainage issue in the alley. The plan consists of re-shaping the alley to divert water from their building and other buildings in the area. The alley will have a v-slope with a total of 13" of thickness with the base, base course and surface course. All specifications meet the approval of Benton & Associates.

Motion by Alderman Skultety and seconded by Alderman Driskell to recommend to the City Council to allow the First United Methodist Church to make repairs to the alley at their own expense.

Motion carried 4-0.

FOURTH OF JULY PARADE

Mayor Barry advised that the V.F.W. Riders have given up their role in organizing the July 4th parade. The Mayor has spoken with Patty Hornbuckle from the Chamber of Commerce about possibly overseeing the parade this year. If the Chamber cannot take over, Alderman Driskell has offered to step in. The Municipal Band will not be participating in the parade this year due to Covid-19 and we are waiting to hear back from Principal Hutchinson as to whether the High School band and other students would be able to participate. A decision on whether to continue with the parade or cancel it will be decided at the City Council Meeting on Monday June 1, 2020.

SPEED BUMP REQUEST-FAIRVIEW STREET

Alderman Dorchinecz received a call in reference to putting in a speed bump on Fairview Street. After some discussion it was decided that a speed bump would not be installed, but possibly a stop sign could be placed there.

STOP SIGN-SOUTHEAST CORNER AND NORTHWEST CORNER OF WYANDOTTE AND EAST MAIN CROSS

Stop signs are needed at the corner of Wyandotte and East Main Cross per our engineer's recommendations.

Motion by Alderman Driskell and seconded by Alderman Skultety to recommend to the City Council to approve and install the stop signs at the corner of Wyandotte and East Main Cross, after road improvements are completed.

Motion carried 4-0.

\$60,000 (ESTHER & WILKINSON)

Alderman Budd informed the committee that Alderman Bryant has been unsuccessful in contacting the contractor from Pana. There are no more updates at this time.

This issue will go on next month's Street & Sewer Agenda.

WYANDOTTE/FIRST STREET-SEWER PROJECT

Superintendent Mann advised the committee of a collapse in the sanitary sewer at Wyandotte and First Street. He advised that the camera showed broken tile. There have been two quotes for repair given to Superintendent Mann, one from Petersburg Plumbing in the amount of \$28,000.00 to complete project and one from Brad Tullis in the amount of \$6000.00 with the City supplying materials and equipment. Superintendent Mann advised that the sewer is open and flowing for now. Mayor Barry stated that this gives us time to explore material costs and see if the Water Department will be able to do partial excavation if they are to replace the water line in the area at that time. The matter will be discussed again at the June 15, 2020 City Council Meeting.

SUPERINENDENT'S REPORT

Street and Sewer Superintendent Mike Mann reported the Department has been busy working on the following projects:

- Spraying for weeds
- Will start spraying for mosquitos in the next week
- Finished Palmer Street sewer collapse project
- Working on Lakeshore project
- Cutting trees and hauling brush

Alderman Olive advised that he received a call from Scott McClure in reference to standing water in front of his house. Superintendent Mann has been out to look at the problem. It has been determined that the ditch is lower than the culvert, which is causing the problem. The driveway of Mr. McClure would have to be cut to aid in fixing the problem. Mr. McClure may be willing to share in the expense to get the issue taken care of.

Superintendent Mann advised that the Richmond and Grandview sewer tile is going to need to be replaced. The repair for this can be made by our sewer department if it is shallow enough.

Motion by Alderman Driskell and seconded by Alderman Skultety to adjourn. Motion carried 4-0.
Meeting adjourned at 6:58 P.M.

Jim Olive, Chairman
Street & Sewer Committee
