SPECIAL TAYLORVILLE CITY COUNCIL MEETING  
Monday, April 3, 2017

At the Special Council Meeting held in the Council Chambers by the City Council, April 3, 2017 the following proceedings were held and entered in this record in the following words and figures to wit:

---

City Clerk

---

Mayor

The Mayor called the meeting to order at 6:00 P.M.

Roll Call - Aldermen Budd, Burtle, Dorchinecz, Jones, Olive, Vota, and Walters were present. Alderman Heberling was absent.

Also present were Mayor Brotherton, City Clerk Pam Peabody, City Treasurer Jacque Nation, City Attorney Rocci Romano, Reggie Benton, Jamie Headen, Dave Speagle, Bruce Barry, Ray Koonce, Terry Wright, Kellie Hamell, and Billie Heberling.

WATER TREATMENT FACILITIES PLANT

Mayor Brotherton stated the purpose for the Special City Council Meeting was to discuss awarding the bid for the New Water Treatment Facilities Plant and turned the meeting over to Reggie Benton and Jamie Headen of Benton & Associates, Inc., engineers for the project.

Mr. Headen informed the Council there were four contractors that bid on the project with Plocher Construction Company, Inc. of Highland, Illinois submitting the low bid. Bids submitted ranged from \$24,830,000.00 to a high of \$26,695,500.00. He called Plocher's references and they came highly recommended as did the Superintendent of the project. He will be receiving a finalized list of subcontractors soon.

Benton & Associates recommend that the City approve the Notice of Intent to Award to Plocher Construction Company, Inc. The bids are good for 90 days.

In discussion of financing, Mr. Headen presented several options for the City as this project is proposed to be financed by the Illinois Environmental Protection Agency (IEPA) using the State Revolving Fund (SRF) low-interest loan program. The City qualifies for principal forgiveness but that doesn't mean the City will receive it; but in talks with IEPA they say the City qualifies.

The City will apply for the loan and if items that are included in the loan agreement for the next year are better financially, i.e. term, interest rate, principal forgiveness, etc. then the City can refinance at that time.

The question was asked if the engineering fees are included in the loan. Mr. Headen stated that last fall the City decided to pay the engineering fees from the Water Fund and not include it in the loan.

The schedule would be to have the facility start running in Spring 2019 and be completed done by the middle of Summer 2019.

We will be looking at Value Engineering items for further savings in the coming months.

Motion by Alderman Dorchinecz and seconded by Alderman Walters to issue the Notice of Intent to Award to build the New Water Treatment Facilities Plant to Plocher Construction Company, Inc. for \$24,830,000.00 and to add to the Notice of Intent to Award after the dollar amount "and after adoption of the Owner's applicable Bond ordinance and after execution of a loan agreement between the Owner and IEPA to cover and pay the amount of your Bid upon loan terms satisfactorily to the Owner" and in the last paragraph to add after final Notice "to be sent to you upon IEPA approval and after adoption of the Owner's aforesaid Bond ordinance and after execution by the Owner and IEPA of the aforesaid loan agreement". Roll Call - Aldermen Budd, Burtle, Dorchinecz, Jones, Olive, Vota, and Walters voted YEA. The Mayor announced the motion carried.

Motion by Alderman Olive and seconded by Alderman Walters to adjourn. Motion carried (7-0).

### BUSINESS FROM THE PUBLIC

Mayor Brotherton asked if any member of the public desired to speak to the Council. No one in the audience requested to address the Council.

Alderman Walters informed the Council that there would be no Street & Sewer Committee Meeting on April 27, 2017; Alderman Budd reminded the Council that on Thursday night at the Finance Committee Meeting they would be discussing the health insurance; and Alderman Olive announced that there would be a Public Facilities Committee Meeting on Tuesday, April 18, 2017.

Motion by Alderman Olive and seconded by Alderman Vota to adjourn. Motion carried (7-0).

The meeting adjourned at 7:37 P.M.

At the regular meeting held in the Council Chambers by the City Council, May 1, 2017, the following proceedings were held and entered in this record in the following words and figures to wit:

---

City Clerk

---

Mayor

The Mayor called the meeting to order at 7:00 P.M.

The Invocation was given by Pastor Zach Crowley of the Taylorville Christian Church. Mayor Brotherton led the Council and the assembled group in the Pledge of Allegiance.

Roll Call - Aldermen Budd, Burtle, Dorchinecz, Heberling, Jones, Olive, Vota, and Walters reported present.

#### APPROVAL OF MINUTES

Motion by Alderman Dorchinecz and seconded by Alderman Jones to utilize the Omnibus Vote Designation to approve the minutes of various meetings. Roll Call - Aldermen Budd, Burtle, Dorchinecz, Heberling, Jones, Olive, Vota, Walters and Mayor Brotherton voted YEA. The Mayor announced the motion carried.

Motion by Alderman Walters and seconded by Alderman Heberling to approve the minutes of the Public Hearing held April 17, 2017; the Regular Meeting held April 17, 2017; the Public Facilities Committee Meeting held April 18, 2017; the Finance Committee Meeting held April 20, 2017; the Band Committee Meeting held April 25, 2017 with the following amendments to the Finance Committee Minutes:

"TIF concerns stated by Alderman Martin Vota at the April 2017 Finance Committee Meeting:

1. Mr. Kline was asked to comment on the pros and cons of a TIF District by Mayor Brotherton. Mr. Kline was representing a company wanting to make money by being hired to assist creation of a TIF District. Why would he present any negatives related to TIF Districts?
2. I stated that Illinois leads all states in the US with businesses leaving and relocating to other states. Mr. Kline agreed.
3. I stated that Illinois leads all states in the US with people leaving and relocating to other states. Mr. Kline agreed.
4. I stated that due to expected increases in costs associated with running the schools and County Government, Intergovernmental agreements can and most likely will be put in place preventing dollars to be placed in the TIF fund from those taxing bodies. Mr. Kline confirmed that this action is possible.
5. Per Mary Renner, a new hotel will only be built if the TIF is created. If the feasibility study states that the need exists for the hotel, why are local dollars, TIF or private, being requested to fund the project?
6. Consensus was taken on support of this project to move forward. I was the only person present that stated that more homework needed to be completed. I did not support moving forward at this time.
7. It was noted by Mr. Kline that Taylorville has a Enterprise Zone to encourage business growth. Tax abatement is available in the Enterprise Zone however should a TIF district become a reality the abatement option will no longer be an option for any new developments."

OMNIBUS VOTE

SPECIAL TAYLORVILLE CITY COUNCIL MEETING  
Monday, May 15, 2017

At the Special Council Meeting held in the Council Chambers by the City Council, May 15, 2017 the following proceedings were held and entered in this record in the following words and figures to wit:

---

City Clerk

---

Mayor

The Mayor called the meeting to order at 6:15 P.M.

Roll Call - Aldermen Budd, Burtle, Dorchinecz, Jones, Lanzotti, Olive, Vota, and Walters were present.

Also present were Mayor Bruce Barry, City Clerk Julie Lilly, City Treasurer Jacque Nation, City Attorney Romano, Steven Kline, Mary Renner, Becky Edwards, Joe and Myrna Hauser, Dr. Fuerstenau, members of the press, and concerned citizens.

DISCUSSION REGARDING TIF DISTRICT 1 AND 2

The Mayor announced that the meeting had been called to discuss the creation of TIF District 1 and 2.

The Mayor called on the Aldermen to pose questions to Mr. Steven Kline with The Economic Development Group, Ltd. and Mary Renner with Christian County Economic Development Corporation, and to voice comments and concerns.

Concerns raised by Aldermen were as follows:

1. Areas not clearly defined in original discussions or agreements; maps requested to show boundaries of TIF District 1 & 2
2. Taylorville is a Tax Cap Community with limited funds
3. Lack of interest in business moving to our community; no major interstates, railroad, etc. in or adjacent to Taylorville
4. Felt the Enterprise Zone had not been successful so why would TIF?
5. Is an Intergovernmental Agreement needed with schools, libraries, etc.?
6. Chicago 50% TIF; California has eliminated completely - conflicting research to back up success rate of TIF Districts
7. No guarantee that ANY businesses will come and we will be out all the startup and administrative fees and costs associated with developing the TIF
8. Costs unclear: Cost of \$24,000.00 for set up of each TIF District if both started simultaneously, plus yearly administrative fees of up to \$11,00.00 plus CPI, local City Attorney, City Engineer, and publication costs for each TIF District as development increases
9. Who manages the funds within the City and why has the City Treasurer not been included in any of the discussion regarding procedures?
10. How will locally established businesses be impacted, specifically local inns and motels?
11. If property/assessed values do not go up, no TIF money is generated

Favorable comments by Aldermen were as follows:

1. All expenses of TIF Districts can be reimbursed through TIF monies
2. We must make Taylorville attractive to get new businesses here
3. As property values go up, over time, more TIF money is generated and can be used to pay back all TIF expenses
4. Hotel is already interested in coming here if TIF District 1 passes
5. Former Tenaska property, which will become TIF District 2, has already been annexed into city
6. Property values around new business developments should increase

Responses by Mary Renner were as follows:

1. Memorandum of interest from energy company interested in Tenaska property/area has been received for TIF District 2
2. Investment by energy company would be \$1.2 billion
3. GSI, which is in Enterprise Zone, has completed 3 expansions
4. In regards to Cobblestone Hotel affecting other local inns and motels: different clientele and needs have been noted; not direct competition

5. Cobblestone Hotel owners have met with Ken Hart and have already completed Feasibility Study. Interested in building here in area that will be in TIF District 1, but a TIF District is a condition for forward progress
6. We must do what we can to attract and retain business here; no assistance from the state will be received so we must do what we can to be proactive

Responses by Steven Kline were as follows:

1. TIF District should be self-sufficient; costs should all be self-reimbursed with TIF funds
2. TIF Districts are in place for 23 years; first 3 years do not generate revenue but each year after funds are generated as property values increase with assessment by County officials
3. Best case scenarios/references include the City of Marion, St. Elmo (bank and merchandise development) and Sullivan (3 established TIF Districts with 4<sup>th</sup> in progress; worth \$2 million)
4. Negative points: costs the same to develop even if nothing happens and no business or development happens
5. Must keep lines of communication open between all taxing bodies; have included School District and County officials in discussions, as well as City
6. Cost is \$30,000.00 per TIF District or Fees will be reduced to \$24,000.00 per TIF District if both are established at the same time. Additional fees to include professional and reimbursable fees, City Attorney and Engineering fees, publication costs, mileage, copying, and training of City Treasurer on fund management
7. City Council is in charge of how businesses are reimbursed

Mayor Barry asked if anyone from the audience wished to speak to the Council.

Dr. Gregg Fuerstenau addressed the City Council on the position of the Taylorville Community Unit School District in regards to the TIF District proposal. TCUSD3 has been included in all discussions and he is appreciative of this. He feels we all benefit from new business coming to our community in regards to real estate sales and improvements, employees, new students to the school district, etc. He is interested in an Intergovernmental Agreement between the City and the School District. Overall, he is very supportive of the TIF District and the opportunity it provides to our community.
