Chairman Olive called the meeting to order at 6:48 P.M.

**PURCHASE OF A STORAGE SHED**

Chairman Olive presented a quote for a new storage shed; this shed will replace the one that was damaged during the roof replacement. Chairman Olive advised a credit was given to the City by Henson Robinson on the final bill for roofing to help with costs of replacing the damaged shed.

Motion by Alderman Driskell and seconded by Alderman Wilson to recommend to the City Council to approve the purchase of an 8x10 storage shed from Joe's House and Home, Inc. at a cost not to exceed \$3,100.00 to be paid from the Building expenditure line in the Municipal Building Budget. Motion carried 4-0.

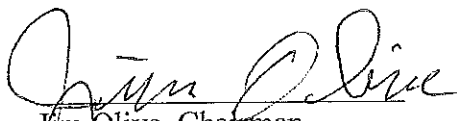

**ANY OTHER MATTERS**

Mr. Jim Morris with Benton & Associates presented a sketch for the proposed parking lot on the North side of the Municipal Building. The cost for this project \$76,824.00 plus an estimated \$5,500.00 for engineering fees. Alderman Driskell raised concerns with the need for this project. Mayor Barry advised BDD Funds or Ward 5 funds could be used for payment.

Mr. Jim Morris with Benton & Associates, along with Superintendent Mann determined debris and rock in the sewer pipes was the cause of the flooding in the Municipal Building basement. The sewer pipes have been cleaned out, and a small knee wall will be constructed to help deter water from the area.

Mayor Barry received a call from David Neville, the owner of the Verizon store on Spresser about a 10x10 area by the road that needs to be filled in with asphalt or concrete. Mayor Barry and Superintendent Mann will look at the area and determine the right action to take to fix it.

Motion by Alderman Wilson and seconded by Alderman Driskell to adjourn. Motion carried 4-0.  
Meeting adjourned at 7:04 P.M.
